If the appeal is not specifically reversed by either Board action taken at its regular monthly meeting or by a writing directed to the applicant within such 60 days, the decision of the Committee shall be deemed confirmed.

d. APPROVAL BY THE ARCHITECTURAL REVIEW COMMITTEE AND/OR BY THE BOARD OF DIRECTORS DOES NOT IMPLY OR PROVIDE APPROVAL BY THE CITY OF CHEWELAH OR STEVENS COUNTY BUILDING DEPARTMENTS OR OF ANY OTHER AGENCY OR GOVERNMENTAL ENTITY WITH PROPER JURISDICTION OVER THE MATTER.

**4.2 Single Family Residences**

Except as otherwise noted herein, only single family residences and auxiliary outbuildings may be constructed or permitted to remain on a Lot on the property. No auxiliary (i.e. non-residential) structures may be erected unless concurrent with or after the construction of the residence.

**4.3 Plans and Approval**

Plans and specifications showing the nature, kind, shape, color, size, materials and location of improvements or alterations shall be submitted to the Committee for approval as to quality of workmanship and design and harmony of exterior design with existing structures, topography and finish grade elevation.

The Committee shall consider and act upon any and all plans and specifications submitted for its approval under this Article and perform such other duties as from time to time shall be assigned to it by the Board, including the inspection of construction in progress to assure its conformance with plans approved by the Committee.

Decisions of the Committee shall be by majority vote and shall reflect consideration of the architectural guidelines set forth in Paragraph 4.4 below. However, the Committee shall, by majority vote, be authorized to waive one (1) or more of the architectural guidelines, provided the proposed improvements are attractive and otherwise comply with the general architectural scheme of the Property. Any application submitted to the Committee pursuant to this Article shall be deemed disapproved unless written approval shall have been transmitted to the applicant by certified mail, return receipt requested, to the applicant's last known address within forty-five (45) days after the date of receipt by the Committee of all required and requested materials. This time frame may be extended by the Committee for a reasonable time if the Committee requires additional information or materials.

**4.4 Architectural Requirements**

It is the intent of this Declaration to encourage and maintain harmony of design and appearance throughout the Property. In furtherance of this objective, and subject to the waiver power of the Committee as set forth above, the following requirements shall apply:

(a) No structures or buildings of any kind shall be erected, altered, placed or permitted to remain on any lot other than one dwelling for single family occupancy with an enclosed garage. Any other auxiliary structures shall be permitted only with the expressed, written approval of the Committee. All auxiliary buildings, including a garage, shall be placed on the street side of residential lots and shall not face the golf course and shall be of a material consistent with the architecture, materials and color scheme of the dwelling on the lot. (h) The design and placement of mailboxes, newspaper receptacles and street address labeling shall be a part of and in aesthetic harmony with the landscape and construction plans submitted and approved under this Article.

(i) No clothes line or radio, citizens band or other communication antennae shall be erected upon any lot or on any building unless totally enclosed and concealed from view from Tract B.

(j) Perimeter fencing is permitted, so long as no fencing is placed as to be parallel to the golf course side of the property and does not extend within five (5) feet of the Tract B line. All fencing shall not exceed six (6) feet in height and may not be constructed without prior approval of the Committee. All fencing shall be reasonably maintained as to color and appearance.

(k) Energy collection and/or storage facilities, including but not limited to solar panels and their appurtenances, fuel tanks, auxiliary generators, heat pumps and air conditioning compressors shall be designed and placed in aesthetic harmony with the other improvements to which they are appurtenant, and shall be insulated as not to produce an unreasonable level of noise.

(l) The design of any improvement and its placement on the lot shall reflect a minimum impact on the existing slopes, vegetation and views, and shall minimize the impact on the view of adjoining lots, whether currently occupied or not.

(p) All exterior lighting shall be low intensity and limited to safety, landscaping or structural accent lighting. Lighting must be shielded as to be confined to owner's lot.

#### 4.5 Construction Completion Requirements

a. Any dwelling or other structure erected or placed on any lot shall be completed as to external appearance, including finished painting, driveway and front and side yard landscaping pursuant to approved plans and specifications within fifteen (15) months of the approval of plans and specifications by the Committee, but in no event beyond 12 months from the date of issuance of a building permit by the governmental entity with jurisdiction therefore.

b. A lot owner shall be permitted to reside in a recreational vehicle, camper or travel trailer on his lot only after approval of building plans and specifications by the committee and then only during the dwelling construction period. A homeowner may receive guests in a recreational vehicle for two weeks in each calendar year.

c. In the event the owner does not erect improvements on the lot and the lot remains unimproved, the owner shall nevertheless be responsible for maintaining his lot in such a manner as to eliminate fire hazards, nuisances or noxious activities upon notice thereof from the Committee as set forth herein.

**ARTICLE 5**  
**REPAIR AND MAINTENANCE**

**5.1 Repair and Maintenance Rights and Duties of Association**

In the event an owner fails to maintain his/her lot as provided herein in a manner the Board or its designee deems necessary to preserve the appearance and value of the property, the Board may notify the owner of the work required and request it be done within a specified time from the date of giving such notice. In the event the owner fails to carry out such maintenance within the specified period, the Board may cause such work to be done and may specially assess the cost thereof to the owner and, if necessary, place a lien for the cost of such repairs and any other ancillary costs such as attorneys fees and taxable court costs on the lot for the amount thereof. The owner specifically consents to the entry upon the lot by the Board or its designee for the purpose of effectuating work the owner has failed to carry out after notice from the Board and the expiration of the time period set forth herein.

**5.2 Repair and Maintenance Requests and Notice to Owners**

Each owner shall, at his/her sole cost and expense, maintain and repair his/her lot and keep the same in good and attractive condition. No lot may be used for disposal of waste, refuse or remains of any nature, nor shall the same be allowed to remain upon any lot for more than five (5) days. All refuse shall be collected and stored in suitable sanitary containers hidden from view from the street or golf course areas except on the scheduled day for garbage pickup.

**ARTICLE 6**  
**ASSOCIATION MAINTENANCE FUNDS AND ASSESSMENTS**

**6.1 Creation of Lien and Personal Obligation of Assessments**

Each owner of any lot, by acceptance of a deed therefore, whether or not so expressed in such deed, is deemed to covenant and agree to pay to the Association the following Assessments, which shall be established and collected as provided herein or in the Bylaws of the Association:

- a. Golf course user fee;
- b. Regular assessments;
- c. Extraordinary assessments; and
- d. Special assessments

**6.2 Golf Course User Fee**

Each owner within the Property shall pay the Chewelah Golf & Country Club not later than March 1 of each year a sum equal to the golf season pass amount for a couple charged by Chewelah Golf & Country Club, less any applicable membership discounts. Said sum may be credited against any season pass purchase made by the owner for that golfing year.

**6.3 Allocation of Assessment**

There are two levels of ownership in the Association, namely those who hold membership certificates (hereafter "certificated members") duly authorized by the Board, and those who do not own a membership certificate but own a lot within the project. In determining the characterization and allocation of assessments among the owners, the Board shall consider the purpose and nature of the assessment and the benefits and burdens to each class of owners. The decision of the Board in this regard is final.

**6.4 Purpose of Assessment**

The assessments levied by the Association shall be used to promote the health, safety and welfare of all the owners of lots in the Project, for the improvement and maintenance of the golf course and association activities and for the common good of the membership of the Association.

**6.5 Regular Assessments**

The Board shall determine and fix the amount of the maximum annual aggregate Regular Assessment not later than thirty (30) days before the annual meeting of the membership, but in no event later than March 15 of each year. The Regular Assessments shall include an adequate reserve fund for maintenance, repair and replacement of those portions of the Project which must be replaced, upgraded or modified. The maximum annual aggregate Regular Assessment may not be increased by more than fifteen percent (15%) above the aggregate assessment for the immediate preceding fiscal year without the vote or written assent of a majority of the voting power of the Association. An assessment is payable on such terms as are directed by the Board.

**6.6 Extraordinary Assessment**

In addition to the Regular Assessments authorized above, the Board may levy in any fiscal year an Extraordinary Assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Project, including fixtures and personal property, and to

defray any unanticipated or underestimated Regular Assessment. The aggregate Extraordinary Assessment for any fiscal year shall not exceed fifteen percent (15%) of the budgeted gross expenses of the Association for that fiscal year, without the vote or written assent of sixty percent (60%) of the voting power of the Association.

**6.7 Special Assessments**

In addition to the Regular and Extraordinary Assessments authorized above, the Board may levy Special Assessment against an individual lot or its owner, without limitation as to amount or frequency, to reimburse the Association for costs incurred in bringing that owner and his/her lot into compliance with the provisions of this Declaration, including interest at the rate of twelve percent (12%) per annum and all incurred costs and attorneys fees.

**6.8 Commencement of Assessment, Due Date, Interest, Late Charges and Attorneys Fees**

The assessments provided for herein shall commence and become due upon terms established by the Board. The Association shall, upon demand and for a reasonable charge, furnish to an owner or his/her designee a certificate signed by an officer of the Association setting forth the paid or unpaid status of the assessment of either a certificated or non-certificated owner, as the case may be, and such certificate shall be conclusive evidence of payment status on the date issued.

Any assessment not paid within thirty (30) days after the due date shall bear interest at the rate of twelve percent (12%) per annum until paid. If any part of the assessment remains unpaid for more than thirty (30) days, an automatic late charge of Ten Dollars (\$10.00) shall be assessed for each month or fraction thereof until the assessment, interest and all late charges are paid.

The prevailing party in any suit or action of any kind to recover a money judgment or otherwise enforce any covenant or part thereof set forth herein shall be entitled to a judgment for attorneys fees and costs incurred therein.

**6.9 Transfer of Lot by Sale or Foreclosure**

The sale, transfer or assignment of any lot or certificate shall not affect the Assessment lien or relieve the lot or owner from any liability therefore. However, the sale or transfer of any lot pursuant to foreclosure or by deed in lieu of foreclosure or assignment of a recorded first mortgage given in good faith and for value shall extinguish the lien for assessments for payments falling due prior to the sale or transfer. No such sale, transfer or assignment shall relieve the succeeding owner, whether former or first mortgagee of a first mortgage or any other person, from liability for any assessment thereafter becoming due or from the lien therefor. Any assessments for which the liens are extinguished pursuant to this paragraph shall be deemed Common Expenses collectible from all owners (including the lot for which the lien was extinguished).

In a voluntary transfer of a lot, the transferee of the same shall be jointly and severally liable with the transferor for all unpaid assessments by the Association against the latter up to the time of transfer without prejudice to the transferee's right to recover from the transferor the amounts paid by the transferee therefore. Any such transferee shall be entitled to a statement from the Board setting forth unpaid assessments due the Association pursuant to paragraph 6.8, above. Any such grantee shall not be liable for, nor shall the lot transferred be subject to a lien for, any unpaid assessment made by the Association against the transferor in excess of the

amount set forth in the statement, PROVIDED, the transferee shall be liable for any assessment falling due after the date of any such statement.

6.10 Enforcement of Assessment Obligation

An assessment against a certificated owner shall constitute a lien on the rights and privileges pertaining thereto. Should an assessment against a certificated owner remain unpaid for more than thirty (30) days as set forth in paragraph 6.8 herein, the certificated owner shall be deemed a Member Not in Good Standing. As such, not only will interest and penalties accrue, but the Member Not in Good Standing shall be denied voting privileges by the Association and shall not qualify for any discounted golf play.

When a notice of assessment has been recorded against a lot owner, be s/he certificated or non-certificated, such assessment shall constitute a lien on such lot or lots superior to all other liens recorded after the recordation of the notice of assessment lien, except (1) all taxes, bonds, assessments and other levies which by law would be superior thereto; and (2) the lien or charge of any first mortgage of record made in good faith and for value.

When delinquent, the lien created herein may be enforced by sale, suit or action by the association or its designee after failure of the owner to pay such assessment. Any sale conducted thereby shall be in accordance with the Revised Code of Washington applicable to the exercise of power of sale in mortgages and deeds of trust or in any other manner permitted by Washington law. The Association, through its Board, shall have the power to do or authorize all acts and execution of all documents reasonably necessary or expedient to pursue and complete such sale, suit or action.

The Association may bring suit to recover a money judgment for unpaid common use expenses and assessments and for attorneys fees, costs and all other relief provided for herein, without foreclosing or waiving the lien securing the same. Failure by the Association or its designee to enforce any covenant or restriction herein shall in no event be deemed a waiver of the right to do so thereafter.

**7.4 Owners' Rights and Duties re: Utilities**

The rights and duties of lot owners within the Property with respect to utilities shall be as follows:

a. Wherever any utility service lines or connections are located or installed within the property, which connections or any portion thereof lies in or upon lots owned by other than the owner of the lot served by said connections, the owners of the lots served by said lines or connections shall have the right to enter upon the lot or to cause utility companies to enter upon the lot to repair, replace or maintain such lines or connections and are hereby granted an easement to the full extent necessary therefore.

b. Wherever any utility service lines or connections are located or installed within the property which serve more than one lot, the owner of each lot served by the line or connection shall be entitled to the full use and enjoyment of such portion of said lines or connections that service his/her lot(s).

**ARTICLE 8**

**8.2 Nuisances**
